1	<p>Customer Management Information System (CMIS 2.0.1)</p> <p>CMIS (2.0.1) is a web based system that provides role based user access to queue customers who are seeking immigration information. The queuing mechanism within USCIS Local Office Information Units prioritizes customers to ensure they receive service in a timely and efficient manner, and allows USCIS personnel to better track customers and obtain chronological statistical reports.</p> <p>System users are USCIS personnel (employees and contractors). Users are designated by roles. USCIS personnel include:</p> <ul style="list-style-type: none"> • Immigration Information Officers (IIO) – USCIS employees trained to provide immigration information. • Supervisory Immigration Information Officers (SIO) – USCIS employees with additional expertise and functions, and providing oversight of the IIO • USCIS Headquarters personnel • System Administrators – USCIS contractors that provide training, help desk, and system maintenance support <p>Specific Restrictions: Access to CMIS is protected from unauthorized users through appropriate administrative, physical, and technical safeguards. These safeguards include restricting access to those with a need to know to perform their official duties, designating user roles, and using login and strong password one way hashing encryption.</p>
